

Index to THE CLASSICAL WEEKLY, Volume XXIII

October 7, 1929—May 19, 1930

This Index, prepared by Charles Knapp, with valuable assistance from his Secretary, Miss Bertha Medlock, has been worked out exactly along the lines followed in the General Index to Volumes I—XVI, and in the separate Indexes to Volumes XVII—XXII.

The name of an author and the title of an article are given in full only once, at the place where the author's surname appears in the alphabetical sequence. The title of a book reviewed will be found in full only where the name of the author appears in the list given under the caption "Reviews". To the titles of articles or subjects (e. g. Accusative, Expressions of Time, etc., Adjectives, etc., Actus Ciceronianus, etc.) the names of the authors are not attached; one can readily find the names by looking up the page or the pages named.

In determining the place of certain items in the general alphabetical sequence, or the place of items within a group or paragraph, the initial words "An" and "The" are disregarded.

"Aeneid: Vergil" = "For the Aeneid see under Vergil"; "Argonautica: Reviews, Gillies" = "See Reviews, under the name Gillies"; "see above", "see below" = "see above", "see below" under the same caption (i. e. in the same paragraph or group of entries).

Under the caption "Reviews" will be found some entries enclosed in square brackets. Such entries deal with books not formally reviewed, but mentioned, in some detail, in the course of an article or review. Material of this sort will be found listed in appropriate places elsewhere, enclosed, in each instance, in square brackets.
